

TRINIDAD & TOBAGO TRANSPARENCY INSTITUTE'S ANTI-CORRUPTION DECLARATION 2017

A central tradition of the Anti-Corruption Conferences is the drafting of a Declaration of Anti-Corruption. This year, we put together anti-corruption affirmations made by the various speakers and make the following Declaration of Anti-Corruption:

1. **We Declare** that after 60 years of promise we must start breaking free from the Culture of Corruption.
2. **We Declare** that corrupt practices must be acknowledged and those found guilty must be punished.
3. **We Declare** that laws can change the Culture of Corruption.
4. **We Declare** that effective anti-corruption legislation must be passed and enforced.
5. **We Declare** that there is no silver bullet to fix corruption. We the people have to do the work.
6. **We Declare** that we must have a zero tolerance approach to corruption and take active steps to break free from the Culture of Corruption.
7. **We Declare** that small contributions can make a big difference – join us. Together we will break the Culture of Corruption.
